

Year 5/6 Learning

Summer term Week 6

Your home learning continues to amaze us. We appreciate you are working extremely hard but remember you can use Padlet or the 5/6 email to chat to us. **You will need to click the PDF version of this document to access the bitesize and newsround links and Mr Stevenson's challenge!** Keep up the good work!

Maths

1. Continue with [BBC Bitesize Lessons](#)
2. TT Rockstars- which year group will win?
3. Have a go at the 'Reach 100' on NRICH. <https://nrich.maths.org/1130>

Reading/GPS/English

1. Continue with [BBC Bitesize Lessons](#)
2. AR Quizzing!
3. Reading comprehension about Michael Morpurgo. Bonus points for reading his books as well!
4. Time travel: If there was a time period you could visit for a day, where would you go? Write a diary entry about travelling back in time to that day. What was the same? What was different?

Creativity

Try some of the coding activities on Studio Code. Here is the link to the Star Wars Coding Platform:

<https://studio.code.org/s/starwarsblocks/stage/1/puzzle/1>

PE

1. Have a go at [Mr Stevenson's Daily Routine Challenge](#) How creative can you be?
2. Continue with Joe Wicks to wake you up in the morning.
3. Complete the stair workout (see attached link)

Topic

Virtual quizzes have been popular during this time. Have any of you played them?

For this week's topic learning, please can you write a quiz and post to padlet for other people to take part in. You could use questions from your research or post general knowledge questions. Perhaps, involve all of your family.

The best quizzes have a range of questions, that aren't too easy or too difficult- remember though- they are only easy if you know the answer!

We look forward to playing your quizzes.
