

‘Out & About’ - ARB Topic (12 weeks)

History: (Maths -Time, Science- Forces)

Key Enquiry Question: We’re Going on Holiday, What shall we bring?

During the Summer Term 4, for a duration of approximately 12 weeks, pupils in ARB will be learning within the topic of History (Maths, Science) Outside Exploration, Forces & Motion, Money, Picnics, Holidays- past and present, Me and my Routines, Relaxation & Reflection, Special World. Some of the learning, across the range of subjects, will be topic based with some subjects being taught discretely. All learning and progression of skills expected to be taught during this block are detailed below.

Our Vision: Together we will create lifelong learners who are confident, proud and always striving to be the best they can be.

Our Values: Learning. Each other. Our Community. The Environment.

Learning- We value the importance of developing active learners who show a thirst and ambition for learning. We strive to nurture motivated, engaged and life-long learners who work hard, show determination, perseverance and resilience in all they do. Our aim is to enable each individual to fulfill their true potential.

Each Other- We value the way in which all children are unique, and our curriculum promotes respect for the views of each individual child, as well as for people of all cultures. We value the spiritual and moral development of each person, as well as their intellectual and physical growth.

Our Community- We value the importance of each person in our community. We organise our curriculum so that we promote co-operation and understanding between all members of our community.

The Environment- We value our environment, and we aim, through our curriculum, to teach respect for our community, our world, our environment and how we should care for it for future generations, as well as ourselves.

We use the Equals Curriculum to inform our planning:
